

Features & Benefits

Exceptional flexibility for a wide range of applications

Rapid thermal response

Wide range of sizes and watt densities to choose from

Grounded and non-grounded models

Includes high-temperature tie downs for easy installation

Versatile — Can wrap around and heat a wide range of objects — laboratory apparatus, glassware, pipes, weldments, etc.

Solves a wide range of applications — examples include viscosity control, laboratory, temperature maintenance, and melting of solids

Easy-to-use

Suitable for high temperatures

NEW!

High-Temperature, Extra-Heavy
Insulated & Grounded
Flexible Heating Tape (BIHE) —
