NEW!

**PLUG
and
PLAY**

**CREATES A POCKET
OF WARMTH TO
PROTECT DEVICES**

LACE-UP OPENINGS

MAKES IT **EASY** TO INSTALL AND
MANEUVER AROUND **NEARLY ANYTHING**

WinterShield™ Freeze Protection Heated Pockets

(WSP Series)

- ▶ Creates a pocket of warmth to protect devices against extreme cold
- ▶ For use in all weather, sub-freezing environments
- ▶ Universal sizes for a wide range of objects
- ▶ Plug-and-play with extra-long 16 ft (5 m) power cord
- ▶ Removable and reusable
- ▶ One-piece rugged but lightweight design
- ▶ Lace-up openings on three-sides for easier installations

**PLUG
and
PLAY**

**Water
Resistant**

Benefits

- Versatile — installs around a wide range of objects
 - Standard size fits any object with overall dimensions up to 6 x 6 x 7 in (152 x 152 x 186 mm)
 - Large size fits any object with overall dimensions up to 14 x 20 x 26 in (356 x 508 x 660 mm)
- Easy-to-install and remove — save on labor costs
- Decreased downtime and maintenance costs
- Safe and cool to the touch
- Long service life: BriskHeat's typical heating jacket life is 10+ years

IDEAL FOR

PRESSURE TRANSMITTERS • PUMPS • VALVES • GAUGES • MANIFOLDS • & MORE

WinterShield™ Freeze Protection Heated Pockets

(WSP Series)

Specifications:

Voltage: 120 to 240 VAC

Control: Built-in thermostat pre-set at 45°F (7°C).
Other temperature settings available upon request

Outside Material: Extra-durable polyester cloth

Insulation Material: Mold/mildew resistant melamine

Insulation Thickness: 0.5 in (130 mm)

Power Cord: 16 ft (5 m) long with
120 VAC: Grounded 3-prong plug (NEMA 5-15P)
240 VAC: Crimped ferrule leads

Ingress Protection Rating: IP54

Ordering Information:

Size	Dimensions in (mm)	Watts	Part No. 120 VAC	Part No. 240 VAC
Standard	6 x 6 x 7 (152 x 152 x 178)	94	WSP120V	WSP240V
Large	14 x 20 x 26 (356 x 508 x 660)	200	WSP120LGV	WSP240LGV

Lace-up openings on three sides makes it **easy to install and maneuver around obstructions** like pipes, electrical wiring, conduits, and bases/stands

Standard size fits most **Foxboro, Rosemount, Emerson, and other industrial pressure transmitters**

Large size fits most **Ingersoll Rand, Viking, Goulds, and other industrial pumps**

Custom Sizes and Designs Available: Contact your local distributor or BriskHeat® for more information.

ABOUT BRISKHEAT

BriskHeat offers a full range of surface and immersion heating products, controllers, insulators, and accessories for a wide-variety of applications.

BriskHeat products include heating tapes, cables, blankets, drum and tote heaters, cloth jackets, tubular heaters, band and cartridge heaters, composite curing systems, and more. Since 1949, BriskHeat has provided quality heating and temperature control solutions to industries including petrochemical, semiconductor, food processing, biotech, aviation, steel, laboratory, power generation and many others.

BriskHeat has a broad range of experience with applications including freeze protection, viscosity control, condensation prevention, and process heat. Additionally, we offer expert application support and custom engineering and thermal simulation services.

Large projects or small, high volume or low, domestic or world-wide, BriskHeat stands by to help you solve your application issues. With an accessible staff of sales and application engineers experienced at helping you find the most economical solution for your needs, BriskHeat is your heating specialist.
